

TURN YOUR MENU INTO A BRAND EXPERIENCE

YOUR GUESTS CRAVE MORE THAN A MEAL — THEY DEMAND AN UNFORGETTABLE EXPERIENCE.

Discover The Secret Server's patented 3D Augmented Reality Menu: turn your existing menu into an interactive mobile sensation. Captivate guests. Drive upsells. Revolutionise training.

THE STATIC MENU TRAP: DON'T GET LEFT BEHIND

- Static menus fail in today's mobile world
- Can't grab attention amid distractions
- Miss showcasing what makes your dishes irresistible
- Fail to highlight premium, seasonal or high-margin stars
- Struggle with consistent staff training across teams

UNLOCK THE AUGMENTED REALITY REVOLUTION: SEE, TOUCH, SELL!

No apps. No hardware. Every item explodes to life.

- Interactive 3D views
- Sizzling photos & videos
- Allergens, calories, flavours

Not a QR menu. Your silent salesperson — every shift.

SUPERCHARGE YOUR BUSINESS — OR WATCH YOUR COMPETITORS DO IT

- **Boost engagement:** guests linger, explore and crave more
- **Elevate checks:** visuals tempt premium choices and add-ons naturally
- **Slash hesitation:** fewer questions, faster decisions
- **Turbocharge training:** staff master menus via the same immersive AR guests love
- **Dominate your market:** be the buzzworthy venue with “3D dish views” everyone talks about
- **Data analytics:** see how long your teams train and understand what your guests explore — all fully GDPR-compliant
